

## Conflict Minerals Statement

Vision Engineering Limited comply with the conflict minerals reporting obligations of Section 1502 of the U.S Dodd-Frank Wall Street Reform Act, which was published by Securities and Exchange Commission (SEC).

Vision Engineering Limited is committed to be a socially responsible organisation and among other requirements, is Conflict Free. To this end we are taking measures to work with our supply chain to ensure only “DRC Conflict Free” minerals are used.

Vision Engineering Limited does not purchase tin, tantalum, tungsten or gold directly from smelters or mines. Furthermore there are multiple supply chain layers that separate us from smelters and mines from which these minerals are sourced. Consequently, we require our suppliers to determine the sources from which these minerals are sourced.

Signed

John Marshall  
Group Quality Assurance Manager
